Making luxury affordable

Having your own little piece of the countryside to retreat to is the dream. Somewhere to switch off, wind down and spend time with the ones you love. But owning a holiday home is often the preserve of a select few.

We're passionate about changing this, to make the benefits of holiday home ownership available to everyone. We understand that buying a holiday home is a once-in-a-lifetime experience for our customers and something that they work towards and save for throughout their working lives.

We've made our prices the most competitive in the market, so your dream holiday home could soon be a reality.

Not just for summer

Owning your own holiday home at one of our parks means having access to your own personal bolt-hole in the countryside all year round.

Most holiday parks are closed during the colder winter months, but with our 12-month season, you can get away at any time of the year, whenever the feeling takes you, and enjoy whatever the changing seasons have to offer.

Whether it's the stunning orange and gold of autumnal Scotland, or the beauty of the snow-covered North York Moors, you can make memories all year round, and all from the comfort of your very own holiday home.

Our parks are places to relax, unwind and tune in to the natural world around you. We're not big on night-life, events, and activities, but more about providing an environment where you can truly appreciate the beauty and tranquillity of your surroundings with the people you love.

Our parks play host to a wide range of wildlife and are set in some of the most stunning locations the UK has to offer. All you need to worry about is finding the best spot to enjoy the sights and sounds that our holiday parks have to offer.
